

# REMOTE WORK USE CASES FOR voodle

## WEEKLY LEADERSHIP UPDATES

Radical transparency can be difficult with your team spread out around the world. Use Voodle for weekly updates from team leads and CEO's to keep the team happy, in the loop, and moving forward.

## WEEKEND HIGHLIGHTS

Encourage your team to bring their whole selves to work and get to know each other outside of their role with a Monday weekend highlight. It's so much easier to build empathy and create bonds when you know your coworkers as three-dimensional people.

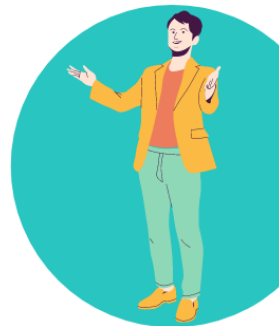

## ONE MINUTE MASTERS

Everyone In your company is an expert in something—give them a chance to share with a collection of short “how to” videos. This can serve as professional development (mastering an excel pivot table or closing a sale) or personal development (how to train your dog, knit a sweater or make an easy new recipe).

## NEW EMPLOYEE INTRODUCTIONS

Joining a new team can be really intimidating —imagine if you had a catalog of 1 minute introductions to get to know your new team, to put names with faces, and to learn who to reach out to for what. *Voodle makes it possible!*

## CELEBRATE WINS

It can be hard to generate momentum within a sales organization when you're fully distributed. Use Voodle to share wins, send shoutouts and get your team energized!
